

How can you increase hand packing accuracy and gain more patients?

Omniceil Guided Packing

The easy-to-use, Omnicell Guided Packing software lets you provide adherence packaging services quickly and with very little investment. This cloud-based software can be accessed from any workstation within the pharmacy, providing greater options and flexibility to meet customer demand.

Get Your Adherence Program Up and Running

- Guided interface provides a high-level of confidence in packing accuracy
- Creates consolidated label with patient information and medication dosing instructions
- Integrates with pharmacy information systems so there is no need for double data entry
- Utilizes the SureMed® by Omnicell® Class B certified perforated blister cards
- Available in standard and plus sizes

Sequence	Pack	Dates	Label Barcode	Status
1	1 of 0	02/11/2016 - 02/17/2016	1-P45QF3	Packing Void
2	1 of 0	02/18/2016 - 02/24/2016	1-PELSCU	Packing Void
3	1 of 0	02/25/2016 - 03/02/2016	1-P3UOLC	Packing Void
4	1 of 0	03/03/2016 - 03/09/2016	1-PKLLKS	Packing Void

SureMed by Omnicell

SureMed by Omnicell Multimed Adherence Blister Cards are designed to improve patient adherence by clearly organizing and labeling multiple medications.

The card is smartly designed for both patient safety and pharmacy accuracy:

- Easy-to-understand, clearly marked day-of-the week and time passes
- Our co-branded card allows you to stand out from your competition by printing your logo or coupons directly on the front of the card
- Larger morning and evening blister sizes to accommodate larger doses commonly associated with these time passes
- Spanish language printing available on SureMed card

- Ability to customize start date to any day of the month
- Tamper-evident, easy puncture backing makes it easy to see if medications were taken properly

Card detail prints on wide format full-color printer, including:

- Consolidated label with full-color drug images
- Patient and pharmacy information
- Drug information on blister lidding
