

Omnicell is Awarded Contract by Major National Academic Medical Center

For Omnicell medication point-of-use and central pharmacy automation solutions

MOUNTAIN VIEW, Calif., Jan 27, 2009 /PRNewswire-FirstCall via COMTEX News Network/ -- Omnicell, Inc., (Nasdaq: OMCL) a leading provider of system solutions to acute healthcare facilities, has been awarded a five year contract by Duke University Health System for Omnicell medication point-of-use and central pharmacy automation solutions.

Duke University Health System is comprised of Duke University Hospital, Durham Regional Hospital, Duke Raleigh Hospital, and many other clinical facilities.

About Omnicell

Omnicell, Inc. (NASDAQ: OMCL) is a leading provider of systems targeting patient safety and operational efficiency in healthcare facilities. Since 1992, Omnicell has worked to enhance patient safety and allow clinicians to spend more time with their patients.

Omnicell's medication-use product line includes solutions for the central pharmacy, nursing unit, operating room, and patient bedside. Solutions range from complete automation systems for the central pharmacy to nursing unit and bedside dispensing cabinet systems. From the point at which a medication arrives at the receiving dock to the time it is administered, Omnicell systems store it, package it, bar code it, order it, issue it, and provide information and controls on its use and reorder.

Our supply product lines provide a healthcare institution with fast, effective control of costs, capture of charges for payer reimbursement, and timely reorder of supplies. Products range from high-security closed-cabinet systems and software to open-shelf and combination solutions in the nursing unit, cath lab and operating room. For more information, visit <http://www.omnicell.com>.
